Wall Graphics

Interior/Exterior

ASLAN DFP 45 Vinyl.

This vinyl for indoor/outdoor walls turns every facade into an effective advertising space. A special adhesive system ensures that the vinyl can be applied on every rough wall. For an application time of up to 6 months it can be removed easily in one piece without leaving residues. If applied with heat on the entire surface it has an outdoor durability of up to 3 years.

Ideal alternative to banners with no need for fixings or frames.

No additional Lamination Required

Durability up to 3 Years

Floor Graphics

USE ON ROUGH & SMOOTH FLOORS

Exterior

ASLAN DFP 46 Vinyl.

The special vinyl adhesive enables application on rough outdoor surfaces. Lasts up to 6 months. Removable in one piece without any problems. Laminating film with embossed anti-slip texture. Resistant to scratching and wear. Low level of reflection.

This warranted and insured film stands up to repeated foot traffic while providing the safety and peace of mind your customers demand.

Durability up to 6 months

Interior

ORAJET 1663 Vinyl.

You can walk all over this Vinyl. Our Vinyl is a sturdy 110 micron, 3-year vinyl specially developed for interior foot traffic-resistant floor graphic applications. It features a clear, removable adhesive, making it easy to change graphics when needed. When combined with our matching laminating film, this warranted and insured film stands up to repeated foot traffic while providing the safety and peace of mind your customers demand.

Durability up to 3 Years

USE ON SHORT PILE CARPETS

Attention Grabbing

ASLAN DFP 49 Vinyl.

This vinyl is especially designed for the temporary use on short pile carpets. The film sticks very well on carpets and is still easily removable after short term application. The film is perfectly suitable for the use at exhibitions, at the point of sale etc.

- Special adhesive for easy applications on carpets.
- Good adhesion on carpets.
- Easily re-usable in one piece without leaving residues.
- Supplied with matching laminate.

Window Graphics

Contravision

One-way vision perforated window film allows stunning graphics on one side and an unobstructed view from the other. This one-way vision film is suitable for applications on buildings or vehicle windows maintaining visibility from the inside to the outside.

Durability 2 Years - For longer term use lamination required.

USE ON ALL WINDOW TYPES

Contravision Vinyl enables you to advertise on your external windows without losing valuable light.

Interior

ORAJET 3628 Wall Art Vinyl.

Great for Low Tack Easily Removeable Wall Graphics This economical removable, 75 micron media provides vivid images and great colours at a highly competitive price. Great for shorter-term interior wall and glass graphics, including murals. This vinyl features a special low-tack adhesive that enables the graphic to be removed easily after initial application. This vinyl **does** require lamination.

ORAJET 3268 Moveable Wall Art Vinyl.

150 Micron Low Tack - Moveable Wall Graphics An economical 150micron vinyl, featuring a special low-tack adhesive that enables the graphic to be moved and re-applied many times after initial application if printing and application guidelines are adhered to. Ideal for contour-cut wall and window graphics utilized in interior applications. This vinyl **does not** require lamination.

USE ON SMOOTH WALLS

Static Cling

GMI Static Cling Vinyl
A clear, flexible, 150 micron static cling vinyl which adheres to most clean, highly-polished smooth surfaces without adhesive. Ideal for window displays, point of purchase decals, seasonal graphics, price stickers and vehicle window advertising. Excellent sharp colour images, accepts high ink coverage. Easily re-useable peel off, stick back on - perfect for sale signs.

Durability 2 Year Indoor 6 months Outdoor

Glass Decoration

Metamark M7CR Vinyl
This etch glass film allows you to provide striking effects onto glass and other transparent surfaces like acrylic and polycarbonate. The film allows wet application and silver-etched glass film will give you a high level of opacity.

Durability 7 years light transmission 56%.

Metalised Vinyl

Vinyl efx
Create exciting, attention-grabbing alternatives to ordinary white vinyl. Available in both brushed and mirror gold and silver with the option of both 1 year and 5 year outdoor durability.
